

# NAIDINISE COMPANY PROFILE

Naidinise Garment Manufacturing Co., Ltd. is located in Humen, Dongguan, a well-known fashion and apparel manufacturing hub in China.

Established in 2000, we are an integrated garment manufacturer specializing in R&D, sample development, bulk production and wholesale supply. The factory has more than 60 skilled employees, covers 1,800 square meters, and reaches an annual capacity of around 800,000 pieces/sets.

We provide design, development and production services for leading womenswear, menswear and childrenswear brands. With advanced equipment, strict management, refined workmanship and stable quality control, we offer a wide product range at competitive prices.

From fabric sourcing and development to final shipment, every process and detail is carefully inspected to meet customer requirements. We follow the principle of honest cooperation, reliable quality, fast fashion response and fine workmanship to create long-term win-win partnerships
